# Save water by hydrating faster and more efficiently

Energised / structured water is now being widely recognised as the holy grail of water solutions and the Commercial Edge Kinetic Water Energiser uses advanced technologies and quantum physics to provide you with endless supplies of live, healthy energised water.

The Commercial Edge from Healthy Water Technologies Australia is the BIG solution that delivers sweet, live energised water outdoors. It is ideal for use on farms as it hydrates faster and more efficiently and is known to reduce water usage by up to 30%. Great for crops and livestock. It improves the quality of drinking water whether it be bore, tank, creek or town water. It promotes increased absorption of nutrients and improves aerobic bacteria activity in septic and sewerage systems. It is also helps reduce the need for harmful chemicals when used in swimming pools. And best of all it is a maintenance free solution that never needs costly filter replacements!

- Maintenance Free
- Aids crop growth
- Reduces chemicals in pools
- Faster more efficient hydration
